**ANNUAL  
REPORT**  
OF GIVING

OUR LADY OF MERCY  
CATHOLIC SCHOOL

bold vision  
bright future

## FROM THE PASTOR

Dear friends of Mercy,

Thank you for your continued support of our parish school! I like to highlight three things regarding the importance of Catholic Education.

- *At Our Lady of Mercy we are not only about getting our children to Harvard, but more importantly about getting them to Heaven.*
- *Our school is not just about information, it's also about transformation.*
- *Finally, it's not what we leave to our children, but rather it's about what we leave in our children.*

Our Lady of Mercy School is one of the most important ministries of our parish, and I am grateful for your generous support. May the Lord bless our students, parents, grandparents, faculty, staff and benefactors with abundant blessings!

FR. CLEO MILANO  
*Pastor*

*"But each with his own gift, in proportion to the blessing which the LORD, your God, has given to you."*

- DEUTERONOMY 16:17

# FROM THE PRINCIPAL

Dear Mercy Family,

I am excited to share a report about the success of The Mercy Fund during the 2013-2014 school year. The generous support of Our Lady of Mercy parishioners, parents, grandparents, faculty and staff enabled us to continue providing an excellent education and formation to all of our students.

The gifts to this year's annual fund totaled over \$350,000 and were used to strengthen campus safety features, acquire more technological tools for classroom use, and provide additional professional training for faculty.

Specifically, we:

- *Installed a complete campus security system with 46 cameras, campus monitoring software, dedicated server, and all associated infrastructure.*
- *Purchased the final 9 Promethean boards needed to complete our goal in the school technology plan of furnishing classrooms with interactive white boards.*
- *Bought 19 additional computers and 63 iPads for individual student use.*
- *Equipped campus with the technology infrastructure necessary to operate our more sophisticated technological teaching tools and security systems and to meet needs for future technological growth.*
- *Provided continuing professional development for teachers in a variety of areas to offer opportunities for advancing in their field and enhancing classroom instruction.*

I am extremely grateful for the incredible generosity of our Mercy community. Thank you for your willingness to partner with us as we seek to provide our students with foundations for lives of prayer, knowledge and service. I greatly appreciate the confidence you have in our work and may God continue to bless you and your family.

*In Christ,*

BRIAN MOSCONA  
*Principal*

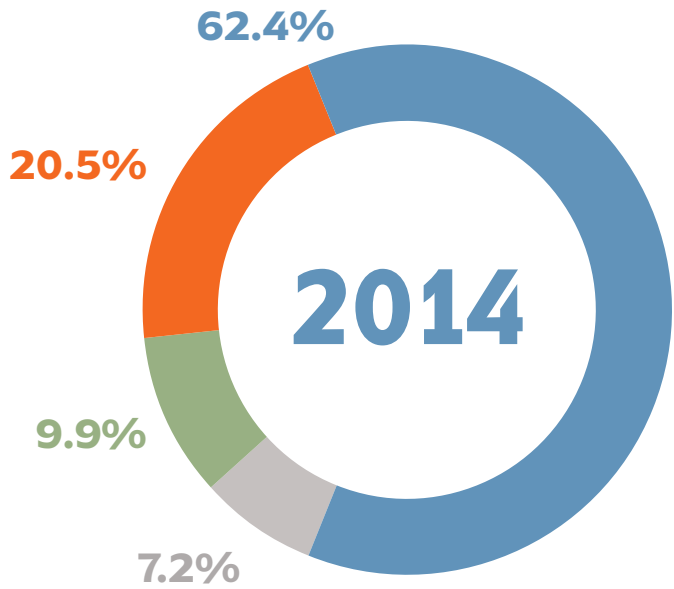

*Technology has made learning fun! The teachers are using it every day, finding new things for us to use what we learned... like a teacher having access to the online Augmented Reality demo for us.*

# FROM OUR CHAIR COUPLE

It has sincerely been our pleasure to help lead this year's Mercy Fund Giving Campaign. We are grateful to Mr. Moscona for his vision for the future of Our Lady of Mercy. Together with his administration, faculty and staff they are dedicated to the development of the whole child in a faith-centered community built on the values of academic excellence, respect and Christian values. By supporting our school, we support the mission of Catholic education.

We want to thank all of the countless volunteers, faculty, staff and families who participated to make this year's effort a success. Without all of YOU this campaign could not be a reality. Because of YOUR generosity students at OLOM will continue to benefit from abundant opportunities to learn, grow, and excel!

*May God bless you for your generosity.*

*With senseless tragedies occurring at schools across our country, my husband, Chuck, and I were huge proponents of cameras on campus. Any tool that would help administrators keep our children safe and secure is necessary. The cameras have added an extra layer of protection and are an integral part of school security that includes controlled accesses to buildings, staff badges with picture ids and a Director of Campus Security starting in 2014. Safety is a priority at Mercy and this is important to me.*

*Thanks to professional development funds, I was able to attend a full-day seminar titled, "Making the Best Use of Technology in Your School Library Program to Support Instruction and Enrich Student Learning." It is imperative that the library, as the learning hub of the school, keep up with the rapid changes in technology. Being able to attend the seminar provided me with exciting, innovative ways to best use today's technology to strengthen the library program and increase student achievement. In addition, I was able to share much of what I learned with the classroom teachers.*
